**18 19 20 AUGUST 2022**

HITEX EXHIBITION CENTER, HYDERABAD

# A DYNAMIC PLATFORM

FOR THE EMERGING TRENDS IN  
MACHINE TOOLS TECHNOLOGY & ENGINEERING

# ABOUT THE EVENT

The 6th mega edition - HIMTEX, 2022 offers an excellent platform for untapped opportunities in the field of machine tools, engineering, automation and to experience technologically sound innovations.

HIMTEX aims to promote the Indian Machine Tools Industry on an international standard by bringing together the manufacturers and buyers on the same platform to share knowledge and understand the market dynamics.

Witness an exclusive showcase of machine tools, engineering, automation & automotive technology. The show is specially designed to present the entire spectrum of developments in the machine tools sector.

HIMTEX is one of the most progressive industrial exhibitions in India.

## Hyderabad-Telangana

One of the largest industrial hubs in South India

- Significant automotive and auto component manufacturers in AP and Telangana: Bharat Forge, Steelbird, Mahindra, Benelli, Deccan Auto, Isuzu, Kia Motors etc.
- Major aerospace and defence enterprises: DRDO, BDL, HAL, TASL, Adani, Kalyani Rafael, Pratt & Whitney etc.
- Hyderabad is growing exponentially to become one of the leading electronic hubs globally. There are about 250+ companies, growing at a CAGR of 9.3%.
- Investment in the railways' segment has created a huge potential for Machine Tool Supply in the region.

Hyderabad is one of the largest industrial hubs in South India. It also ranks first in the Pharma sector. There are significant automotive, auto component manufacturers, leading aerospace and defence enterprises in Telangana.

# VITAL SECTORS MACHINE TOOLS INDUSTRY

- Textiles and Apparel
- Plastics and polymers, chemicals and petro-chemicals, glass and ceramic
- Engineering and capital goods including castings, foundry and ferro
- Alloys and other metallurgical industries
- Waste management and green technologies
- Renewable energy and solar parks
- Metalworking

Association, Textile Machinery Manufacturing Association, Cabinet Committee on Infrastructure report, ITMACH India

## The Indian Machine Tool Production and Consumption

Rs. 6,150 crores (US\$ 872.46 million) and Rs. 15,670 crores (US\$ 2.22 billion) in 2019-20.

## Engineering Export Performance

<b>21.32%</b> Iron, Steel and Products made of Iron and Steel.	<b>19.96%</b> Automobile
<b>17.81%</b> Industrial Machinery	<b>5.8%</b> Ships, Boats, Floating Products and Parts
<b>11.30%</b> Other Engineering Products	<b>11.75%</b> Electrical Machinery
<b>10.00%</b> Non-Ferrous Metals and Products made of Non-Ferrous Metals	<b>1.87%</b> Aircrafts, Spacecraft Parts and Products

It churns out basic machinery for all the major industries and determines competitiveness in other sectors: Automobiles, Heavy Electrical and Defence.
